CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present the Annual Report and Audited Financial Statements of Boon Koon Group Berhad ("BKG") for the financial year ended 31 March 2015.

Business Performance

For the financial year ended 31 March 2015, the Group recorded a turnover of RM89.1 million as compared to RM103.4 million for the previous financial year, a decline of approximately RM14.3 million. However, the Group managed to reduce its loss after taxation by approximately RM0.9 million, from the level of RM1.0 million to RM0.1 million in this financial year. The improvement of financial performance was mainly attributable to lower expenses in finance costs, inventories written down and impairment loss on receivables as well as better financial performance from the associate companies.

Outlook for the Upcoming Financial Year

Given the challenges facing in the industry after the implementation of Goods and Service Tax (GST) and the weakening of Ringgit Malaysia against other major currencies, it is more important than ever that BKG remain strategically alert and be able to lay out plans to further consolidate and to strengthen our core business. We endeavour to aim high and continue to maintain our products and technology leadership in the rebuilt commercial vehicle industry and further diversify our product range of new commercial vehicles by introducing more new and price competitive models to the local market.

BKG has successfully launched a new commercial vehicle, Viflex 2.0 light truck in November 2014, which marked BKG's beginning in the new commercial vehicle industry. This new milestone is a combination of strength from BKG's extensive exposure in the commercial vehicle sector and Brilliance Shineray of China, who is an automotive partner to BMW in China. This partnership has enabled the exchange of capabilities and technological know-how and through this platform, it will further strengthened our position towards the exploration of more new models.

CHAIRMAN'S STATEMENT (CONT'D)

Outlook for the Upcoming Financial Year (Cont'd)

The latest add-on of new automotive license issued by Ministry of International Trade and Industry of Malaysia in November 2014 has opened up the flood gate towards BKG's position in the automotive industry, covering almost the full spectrum of vehicles, catering for both private and commercial buyers. Our Research and Development team will continue to test out the products aligned under these new capabilities. We are very enthusiastic and excited over this new prospects and we hope to share this new chapter with our shareholders very soon.

Looking ahead, I am confident that BKG is better equipped than ever to serve and to fulfill the needs of the industries.

Board Changes

During the financial year, Mr. Chong Chun Chieh have left the Board and on behalf of the Board, I would like to take this opportunity to express my deepest appreciation for his valuable contribution to the Group.

Dividend

The Board of Directors did not recommend any dividend for the financial year ended 31 March 2015.

Appreciation

On behalf of the Board of Directors, I would like to extend my sincere gratitude to all of our employees, business associates and our loyal shareholders for their tremendous support and cooperation throughout the year. To my fellow Board members, thank you for your steadfast commitment, dedication and guidance.

DATO' GOH BOON KOON

Executive Chairman

STATEMENT ON CORPORATE GOVERNANCE

The Board of Directors of Boon Koon Group Berhad (“BKG”) appreciates the importance of adopting high standards of corporate governance and hence is fully committed to ensuring that the highest standards of corporate governance are practised in all areas throughout the Company and its subsidiaries (“the Group”) towards propagating corporate accountability with the objective of safeguarding the interests of all stakeholders and enhancing shareholders’ value.

The Board is pleased to report on the application of the principles of the Malaysian Code on Corporate Governance 2012 (“MCCG 2012”) and the extent of compliance with the Recommendations of the MCCG 2012 as required under MCCG 2012 during the financial year ended 31 March 2015 (“FY2015”).

1. THE BOARD OF DIRECTORS

1.1 Composition and Balance

The Board currently comprises of seven (7) members, of which three (3) are Executive Directors, One (1) Non Independent & Non Executive Director and three (3) Independent Non-Executive Directors. This is in compliance with the one-third requirement for independent directors to be appointed to the Board under the Main Market Listing Requirements of Bursa Malaysia Securities Berhad. The Board consists of individuals of high caliber who have diverse wealth of experience as well as skills and knowledge in the aspects of law, commercial, accounting and general management. The profile of each Director is provided on pages 3 to 4 of this Annual Report.

The Nomination Committee and the Board assesses the independence of the Independent Non-Executive Directors annually, taking into account the individual Director’s ability to exercise independent judgement at all times and to contribute to the effective functioning of the Board. The Independent Non-Executive Directors of the Company, Mr Ho Kok Loon, Dato' Murelidaran A/L M Navaratnam and Mr Ang Poh Gin have served as an Independent Non-Executive Directors of the Company for a cumulative term of more than nine (9) years. On this, the Nomination Committee (“NC”) and the Board had reviewed and assessed the Independent Non-Executive Directors after FY2015 and is satisfied with the level of independence demonstrated by the present Independent Non-Executive Directors and recommended them to continue to act as an Independent Non-Executive Directors of the Company. The relevant motion on the subject matter will be presented to the shareholders for approval at the forthcoming Annual General Meeting.

There is a clear division of authority between Executive Chairman, Group Chief Executive Officer and Executive Directors, to ensure a balance of power and authority. The Independent Non-Executive Directors are independent from Management and have no relationships that could interfere with the exercise of their independent judgement. They play a key role in providing unbiased and independent views, advice and contributing their knowledge and experience toward the formulation of policies and in the decision making process. The Board takes cognisance of the Chairman being an executive position but is of the view that there are sufficient experiences Independent Non-Executive Directors on the Board to provide assurance that there is adequate check and balance.

STATEMENT ON CORPORATE GOVERNANCE (CONT'D)

1. THE BOARD OF DIRECTORS (CONT'D)

1.2 Duties and Responsibilities

The Board recognises its duties and responsibilities as detailed in the Board Charter as expectations on how they discharge their duties and this Board Charter shall also be used as a guide to assess their own performance.

The Board assumes the following principal functions and responsibilities:-

- a) Review, approve and monitor the overall strategies and direction of the Group;
- b) Identify the principal risks and implement appropriate system to manage such risks;
- c) Oversee and evaluate the conduct and performance of the Group's business;

The Board has delegated specific duties to three (3) subcommittees (Audit, Nomination and Remuneration Committees). These Committees have the authority to examine particular issues and report the same to the Board with their recommendations. The ultimate responsibility for the final decision on all matters, however, lies with the Board.

The presence of Independent Non-Executive Directors is necessary for the corporate accountability as they provide unbiased and independent views. Even though all Directors have equal responsibility for the Group's operations, the role of Independent Non-Executive Directors is particularly important in ensuring the strategies proposed by the management are discussed and examined while taking into account the long-term implications of the business, the Group, shareholders and other stakeholders' interests.

The Board is alert to the possibility of potential conflicts of interest involving the Directors and the Company and affirms their commitment to ensure that such situations of conflicts are avoided.

1.3 Clear functions of the Board and Management

To ensure the effective discharge its functions and responsibilities, the Board had established a Board Charter which clearly set out the relevant matters reserved for the Board's approval, as well as those is delegated to the Board committees, Executive Chairman and Group Chief Executive Officer.

Key matters reserved for Board's decision include, inter alia, the following:-

- a) Approval of business strategy and Group's operational plan and annual budget;
- b) Acquisition and disposal of assets of the Company or its subsidiaries that are material in nature;
- c) Approval of investment or divestment in a company / business / property / undertaking;
- d) Approval of investment or divestment of a capital project which represents a significant diversification from the existing business activities;
- e) Any other significant business direction; and
- f) Corporate proposal on fund raising.

STATEMENT ON CORPORATE GOVERNANCE (CONT'D)

1. THE BOARD OF DIRECTORS (CONT'D)

1.4 Re-election of Directors

In accordance with the Articles of Association of the Company, all Directors who are appointed by the Board are subject to election by shareholders at the first opportunity after their appointment. Article 95(1) also provides that one-third (1/3) of the remaining Directors be subject to re-election by rotation at each Annual General Meeting ("AGM"). Provided always that all Directors shall retire from office once at least in each three (3) years but shall be eligible for re-election. In addition, the Directors to retire in every year shall be those who have been longest in office since their last election.

Pursuant to Article 102 of the Company's Articles of Association, any Directors who are appointed either to fill a casual vacancy or as an addition to the existing Directors, shall hold office only until the following AGM and being eligible for re-election but shall not be taken into account in determining the Directors who are to retire by rotations at that meeting.

STATEMENT ON CORPORATE SOCIAL RESPONSIBILITY

The Board of Directors of Boon Koon Group Berhad views the need for corporate social responsibility (“CSR”) as an integral part of a business’s operations and practices. The CSR initiatives undertaken by the Group are summarised below:-

Environment

The Group acknowledges responsibilities for care of the environment. The Group considers safety and environmental factors in all operating decisions and explores feasible opportunities to minimise any adverse impact from manufacturing operations and waste disposal.

In addition, the Group has also initiated among its staff awareness towards recycling of waste materials, and continuous improvements in our manufacturing process. These steps contribute towards a greener environment.

Health & Safety

As an employer, the Group recognizes and accepts its responsibilities for providing and maintaining a safe and healthy workplace for all its employees, contractors and visitors.

The Group Chief Executive Officer has the ultimate responsibility for the health, safety and welfare for all employees, visitors and by delegation through individual companies’ health and safety structure, to provide a safe working environment.

Information on safety matters is communicated through various Health & Safety Committees, Safety Representatives, Notice Boards and regular management briefings.

Ethical Policy

In addition, the Board of Directors of the Company has adopted the Code of Business Conduct and Ethics and Conflict of Interests policy (the “Code”) for Board members. The Code is intended to focus the Board and each Director on the duties and responsibilities of Directors, provide guidance to Directors to help them recognize and deal with ethical issues, provide mechanisms to report unethical conduct, and help to foster a culture of honesty and accountability. Each Director must comply with the letter and spirit of this Code. No code or policy can anticipate every situation that may arise.

Accordingly, this Code is intended to serve as a source of guiding principles for Directors. Directors are encouraged to bring questions about particular circumstances that may implicate one or more of the provisions of this Code to the attention of the Chairman of the Nomination Committee, who may consult with internal or external legal counsel as appropriate.

We believe that principles of honesty, ethical practices, integrity and fairness are the cornerstones of a respectable and successful business. These principles are the heart of the Company’s philosophy and values. They are vital elements for establishing trust in our relationships with shareholders and stakeholders. They cannot be compromised. It is therefore important for our organisations, at every level, to understand and see value in upholding such principles, which must be applied holistically in all aspects of the Company’s and organisational objectives as an economic entity.

The Company is committed to uphold and be steered by the spirit of the six (6) principles of the Malaysian Code of Business Ethics and as such, will strive to instill these principles and values within the Company’s culture, with the management leading the way by example when formulating policies within the Company. The six (6) principles are:-

- i. Sincerity in Business Dealings.
- ii. Conscious of Responsibility towards Customers, Society and Environment.
- iii. Geniality towards Fellow Humans.
- iv. Moderation in Business Dealings.
- v. Fair Treatment of Customers.
- vi. Zeal in Business-Building.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors (“the Board”) is pleased to issue the following Statement on Risk Management and Internal Control (the “Statement”) pursuant to paragraph 15.26(b) of the Listing Requirements of Bursa Malaysia Securities Berhad and as guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers.

Responsibility

The Board of Boon Koon Group Berhad (“BKG”) acknowledges its overall responsibility for the Group’s system of risk management and internal control and for reviewing its adequacy and integrity periodically to safeguard the interest of shareholders and the Group’s assets. The Group Chief Executive Officer (“CEO”) and management play an integral role in assisting the design and implementation of the Board’s policies on risk management and internal controls.

This statement describes the processes that form the risk management and internal control framework throughout the Group’s business operations which were regularly reviewed by the Board.

The risk management and internal control system was designed to manage, rather than eliminate the risk of failure to achieve the Group’s corporate objectives.

In pursuing these objectives, risk management and internal control can provide only reasonable but not absolute, assurance against material misstatements or losses.

Risk Management

Throughout the history of the Group’s operations, risk management practices are inherent in the way management has conducted its business. The practices, values and culture that have endured to the present day have a profound effect on management’s conduct. The Board has always regarded risk management as an integral part of its conduct.

BKG has a set of formal group risk management policies which was approved by the Board of Director and adopted throughout the Group of companies within BKG.

Management Processes and Control Framework

BKG has a set of well-established standard operating procedures covering all critical and significant facets of the Group’s business processes. Procedures are primarily geared towards prevention of assets loss but also cover other major functional aspects of the Group’s business operations.

These functions include cost control, asset security and occupational safety procedures, human capital management, productivity benchmarks, product quality assurance, compliance with regulatory standards and disciplines and etc. The standard operating procedures are subject to review from time to time to accommodate process changes or to meet new business requirements. Compliance with these procedures is an essential element of the risk management and internal control framework.

Well-defined management structures and disciplines are established to reinforce the risk management and internal control framework so to ensure its continued relevance and effectiveness. Among the management disciplines are a pre-defined chart of responsibility and accountability that provides a clear definition of delegated authority to the various management levels along functional lines.

Monthly meetings are held in each of the Group’s business operations to discuss operational and financial aspects of the business. Action-plans are constructed for issues identified during the monthly meeting. Follow-up meetings are conducted to monitor progress of the implementation and if necessary, alteration is done to the implementation so that the planned action achieves its purpose.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

Management Processes and Control Framework (Cont'd)

To ensure effectiveness of the risk management and internal control framework, the Group maintains a well-resourced human capital function to oversee its operations. This ensures that the people driving key operations are sufficiently skilled and exert the required qualities of professionalism and integrity in their conduct. Continuous education and training programs are provided to enhance employees' skills and to reinforce such qualities.

In addition, the Group maintains an elaborated annual business planning and review process to make certain that the interests of all its subsidiaries are well balanced.

Monitoring and Review

The Board delegates the day-to-day functions to the CEO who is aided by a team of corporate officers. Part of his role is to drive each business operations in a manner so to maintain the integrity of the risk management and internal control framework and to implement effective risk management practices throughout the year.

From a process view point, the CEO oversees all management meetings in each of the business operations. These meetings usually involve the review of financial performance, operational and business issues including risk management and internal control matters.

The Board recognises the importance of a sound system of risk management and internal control to safeguard shareholders' investments and the Company's assets. To ensure the system of internal control is functioning effectively, the internal audit function of the Company has been outsourced to an external consultant who will review the internal controls of selected key activities of the Group's businesses based upon an annual internal audit plan which is presented to the Audit committee for approval. The Board relies on the internal audit function to provide it with much assurance about the state of internal controls of the Group. The internal auditors report directly to the Audit Committee. The fees paid to the internal auditors to carry out the internal audit functions of the Group amounted to RM16,000 for the financial year.

The Group's system of internal control does not extend to associate companies as the Group does not have full management control over them. However, the Group's interest is represented through the Board of these associate companies.

Summary

The system of risk management and internal control comprising the respective framework, management processes, monitoring and review processes described in this statement are considered appropriate. While the Board acknowledges that the system of risk management and internal control does not eliminate the possibility of collusion or deliberate circumvention of procedures by employees, human errors and/or others unforeseen circumstances that result in poor judgment, it has nonetheless receive assurance from the CEO and COO that the Group's system of risk management and internal control is adequate for identifying, evaluating, monitoring and managing significant risk that may materially affect the achievement of the corporate objectives.

This statement is made in accordance with the resolution passed in the Board Meeting held on 22 July 2015.

CHEE WAI HONG (BC/C/1470)
FOO LI LING (MAICSA 7019557)
Company Secretaries

Penang

Date : 4 August 2015

Notes :

1. A proxy may but need not be a member of the Company and the provisions of Section 149(1)(a) and (b) of the Companies Act, 1965 shall not apply to the Company.
2. The proxy form must be duly completed and deposited at the Registered Office of the Company, 51-13-A Menara BHL Bank, Jalan Sultan Ahmad Shah, 10050 Penang not less than forty-eight (48) hours before the time appointed for holding the meeting.
3. A member shall be entitled to appoint one (1) or more proxies to attend and vote at the same meeting.
4. Where a member appoints more than one (1) proxy, the appointments shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy.
5. If the appointor is a corporation, this form must be executed under its Common Seal or under the hand of its attorney.
6. Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991 (“Central Depositories Act”), it may appoint at least one proxy in respect of each securities account it holds with ordinary shares to the credit of the said securities account.
7. Where a member of the Company is an exempt authorised nominee as defined under the Central Depositories Act which holds ordinary shares in the Company for multiple beneficial owners in one securities account (“Omnibus Account”), there shall be no limit to the number of proxies which the Exempt Authorised Nominee may appoint in respect of each Omnibus Account it holds.

8. For purpose of determining who shall be entitled to attend this meeting, the Company shall be requesting Bursa Malaysia Depository Sdn Bhd to make available to the Company pursuant to Article 62(3) of the Articles of Association of the Company and Paragraph 7.16(2) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, a Record of Depositors ("ROD") as at 20 August 2015 and only a Depositor whose name appears on such ROD shall be entitled to attend, speak and vote at this meeting or appoint proxy to attend and/or speak and/or vote in his/her behalf.

Explanatory Notes on Special Business

Resolution 5 – Authority to Issue Shares

The Ordinary Resolution proposed under item 6.1 above, if passed, primarily to renew the mandate to give authority to the Board of Directors to issue and allot shares in the Company up to an amount not exceeding 10% of the total issued capital of the Company for the time being, at any time in their absolute discretion without convening a general meeting. This would avoid any delay and costs in convening a general meeting to specifically approve such an issue of shares. This authority, unless revoked or varied by the shareholders of the Company in general meeting, will expire at the conclusion of the next Annual General Meeting.

As at the date of this Notice, the Company has not issued any new shares pursuant to Section 132D of the Companies Act, 1965 under the general authority which was approved at the Twelfth Annual General Meeting held on 27 August 2014 and which will lapse at the conclusion of the Thirteenth Annual General Meeting to be held on 26 August 2015. A renewal of this authority is being sought at the Thirteenth Annual General Meeting under proposed Resolution 5.

This authority if granted will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, for purpose of funding future investment project(s), working capital, acquisition(s) and/or settlement of banking facility(ies).

Resolution 6 – Proposed Renewal of Share Buy-Back Authority

The Ordinary Resolution proposed under item 6.2 above, if passed, will give the Directors of the Company authority to purchase its own shares up to ten per centum (10%) of the issued and paid up capital of the Company. In order to avoid any delay and costs involved in convening a general meeting, it is thus appropriate to seek shareholders' approval. This authority, unless revoked or varied by the shareholders of the Company in general meeting, will expire at the conclusion of the next Annual General Meeting. Please refer to the Share Buy Back Statement in page 36 to page 40 of this Annual Report.

Resolution 7 – Retention of Mr Ho Kok Loon as an Independent Non-Executive Director of the Company

Both the Nomination Committee and Board have assessed the independence of Mr Ho Kok Loon, who has served as an Independent Non-Executive Director of the Company for a cumulative term of more than nine years, and recommended him to continue to act as Independent Non-Executive Directors of the Company based on the following justifications:-

- i. He fulfilled the criteria under the definition of Independent Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, and thus, he would be able to function as check and balance, and bring an element of objectivity to the Board.
- ii. His vast experience in the accounting and audit industry enabled him to provide the Board with a diverse set of experience, expertise and independent judgment.
- iii. He devotes sufficient time and attention to his professional obligations for an informed and balanced decision making.

NOTICE OF ANNUAL GENERAL MEETING (CONT'D)

Resolution 7 – Retention of Mr Ho Kok Loon as an Independent Non-Executive Director of the Company (cont'd)

- iv. He consistently challenged management in an effective and constructive manner and actively participated in board discussion.
- v. He has a good and thorough understanding of the main drivers of the business in a detailed manner.

Resolution 8 – Retention of Mr Ang Poh Gin as an Independent Non-Executive Director of the Company

Both the Nomination Committee and Board have assessed the independence of Mr Ang Poh Gin, who has served as an Independent Non-Executive Director of the Company for a cumulative term of more than nine years, and recommended him to continue to act as Independent Non-Executive Directors of the Company based on the following justifications:-

- i. He fulfilled the criteria under the definition of Independent Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, and thus, he would be able to function as check and balance, and bring an element of objectivity to the Board.
- ii. He has vast experience in the various industries which could provide the Board with a diverse set of experience, expertise and independent judgement.
- iii. He devotes sufficient time and attention to his professional obligations for an informed and balanced decision making.
- iv. He consistently challenged management in an effective and constructive manner and provided an independent voice on the board.
- v. He has a good and thorough understanding of the main drivers of the business in a detailed manner.

Resolution 9 – Retention of Dato' Murelidaran A/L M Navaratnam as an Independent Non-Executive Director of the Company

Both the Nomination Committee and Board have assessed the independence of Dato' Murelidaran A/L M Navaratnam, who has served as an Independent Non-Executive Director of the Company for a cumulative term of more nine years, and recommended him to continue to act as Independent Non-Executive Directors of the Company based on the following justifications:-

- i. He fulfilled the criteria under the definition of Independent Director as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, and thus, he would be able to function as check and balance, and bring an element of objectivity to the Board.
- ii. His vast experience in the legal industry enabled him to provide the Board with a diverse set of experience, expertise and independent judgment.
- iii. He devotes sufficient time and attention to his professional obligations for an informed and balanced decision making.
- iv. He consistently challenged management in an effective and constructive manner and provided an independent voice on the Board.
- v. He has a good and thorough understanding of the main drivers of the business in a detailed manner.

STATEMENT ACCOMPANYING NOTICE OF ANNUAL GENERAL MEETING

(Pursuant to Paragraph 8.27(2) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad)

As at date of this notice, there are no individuals who are standing for election as Directors (excluding the above Directors who are standing for re-election) at this forthcoming Annual General Meeting.

The Company will seek shareholders' approval on the general mandate for issue of securities in accordance with Paragraph 6.03(3) of the Listing Requirements of Bursa Malaysia Securities Berhad. Please refer to the proposed resolution 5 as stated in the Notice of Annual General Meeting of the Company for the details.

STATEMENT TO SHAREHOLDERS

IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY FOR THE PURCHASE BY BOON KOON GROUP BERHAD (THE "COMPANY" OR "BKG") OF ITS OWN SHARES

1. Introduction

The Company had on 22 July 2015 announced that BKG is proposing to seek its shareholders' approval at the forthcoming Thirteenth Annual General Meeting ("Thirteenth AGM") of BKG to be held on 26 August 2015 for the renewal of the authority for the purchase by BKG of its own shares of up to ten percentage (10%) of the issued and paid-up share capital of BKG (the "Proposed Renewal of Share Buy-Back Authority").

The purpose of this Statement is to provide you with information on the Proposed Renewal of Share Buy-Back Authority together with the Directors' recommendation on the Proposed Renewal of Share Buy-Back Authority, and to seek your approval of the ordinary resolution on the Proposed Renewal of Share Buy-Back Authority to be tabled at the forthcoming BKG Thirteenth AGM to be held at the Majestic Hall of Bukit Jawi Golf Resort, Lot 414, MK 6, Jalan Paya Kemian Sempayi, 14200 Sungai Jawi, Penang on Wednesday, 26 August 2015 at 9.00 am.

The notice of the BKG Thirteenth AGM and the Form of Proxy are enclosed with the BKG 2015 Annual Report.

2. Details of the Proposed Renewal of Share Buy-Back Authority

At the Twelfth AGM of BKG held on 27 August 2014, shareholders had, inter alia, approved the existing authority for the purchase by BKG of its own shares of up to ten percent (10%) of the issued and fully paid-up share capital of the Company ("Share Buy-Back Authority"). In compliance with the Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") ("Listing Requirements") and the resolution passed by the shareholders on 27 August 2014, Share Buy-Back Authority will expire at the conclusion of the BKG Thirteenth AGM to be held on 26 August 2015 unless renewed by an ordinary resolution passed by the shareholders.

The Board proposes to seek an authorisation from the shareholders for the Company to continue to purchase by BKG of its own shares of up to ten percent (10%) of the issued and paid-up capital at any point in time. The renewal of the authority from the shareholders for the purchase by BKG of its own shares will be effective immediately upon the passing of the ordinary resolution on the Proposed Renewal of Share Buy-Back Authority at BKG Thirteenth AGM to be held on 26 August 2015 until:-

- (i) the conclusion of the next AGM of the Company following the general meeting at which such resolution was passed at which time the said authority will lapse, unless by an ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders of the Company in a general meeting;

whichever is earlier.

3. Source of Funds

The Listing Requirements stipulates that the proposed purchase by a listed company of its own shares must be made wholly out of retained profits and/or share premium account of the listed company. BKG therefore proposes to allocate an amount not exceeding the audited retained profits of BKG for the purpose of the Proposed Renewal of Share Buy-Back Authority.

STATEMENT TO SHAREHOLDERS

IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY FOR THE PURCHASE BY BOON KOON GROUP BERHAD (THE "COMPANY" OR "BKG") OF ITS OWN SHARES (CONT'D)

3. Source of Funds (Cont'd)

Based on the latest audited financial statements of BKG for the financial year ended 31 March 2015, the amount of accumulated losses of BKG stood at RM14,559,515 and it did not have a share premium account. The Company will only purchase its own shares wholly out of retained profits and/or the share premium account as required under paragraph 12.10 of the Main Market Listing Requirements of Bursa Securities. The funding for the purchase by BKG of its own shares is expected to be internally generated and is not expected to have a material impact on the cash flow position of the Company.

The actual number of ordinary shares of RM0.20 each in BKG ("BKG Shares") to be purchased, the total amount of funds involved for each purchase and timing of the purchase would depend on market conditions and the amount of retained profits and share premium account, if any, of BKG.

4. Rationale for the Proposed Renewal of Share Buy-Back Authority

Proposed Renewal of Share Buy-Back Authority will provide BKG with another option to utilise its financial resources more efficiently. The Proposed Renewal of Share Buy-Back Authority is expected to stabilise the supply and demand of BKG Shares as well as the price of BKG Shares. All things being equal, the Proposed Renewal of Share Buy-Back Authority, irrespective of whether the BKG Shares that have been previously bought-back pursuant to previous or the existing Share Buy-Back Authority ("Purchased BKG Shares") are held as treasury shares or cancelled, will result in a lower number of BKG Shares being taken into account for the purpose of computing the earnings per share ("EPS") of BKG Shares. The cost of the Purchased BKG Shares, whether held as treasury shares or cancelled, will be excluded from the shareholders' funds of BKG and its subsidiaries ("BKG Group") in the computation of return on equity ("ROE") of BKG, which in turn is expected to have a positive impact on the share price of BKG Shares.

5. Potential advantages and disadvantages of the Proposed Renewal of Share Buy-Back Authority

The Proposed Renewal of Share Buy-Back Authority, if exercised, is expected to potentially benefit BKG and its shareholders as follows:-

- (i) the EPS of BKG Shares and the ROE of BKG (all other things being equal) would be enhanced. This is expected to have a positive impact on the market price of BKG Shares which will benefit shareholders of BKG; and
- (ii) if the Purchased BKG Shares are retained as treasury shares, it will provide the Directors with the option to sell the Purchased BKG Shares at a higher price and generate profits for BKG. Alternatively, the Purchased BKG Shares retained as treasury shares may be distributed as share dividend to shareholders.

The potential disadvantages of the Proposed Renewal of Share Buy-Back Authority, if exercised, will be the reduction in the financial resources of BKG. This may result in BKG foregoing other investment opportunities that may emerge in the future. However, the financial resources of BKG will increase upon the resale of the Purchased BKG Shares which are held as treasury shares in the open market.

STATEMENT TO SHAREHOLDERS

IN RELATION TO THE PROPOSED RENEWAL OF AUTHORITY FOR THE PURCHASE BY BOON KOON GROUP BERHAD (THE "COMPANY" OR "BKG") OF ITS OWN SHARES (CONT'D)

6. Effects of the Proposed Renewal of Share Buy-Back Authority

The effects of the Proposed Renewal of Share Buy-Back Authority on the share capital, net assets, working capital and earnings of BKG, shareholdings of the Directors and substantial shareholders of BKG, assuming BKG purchases BKG Shares up to the maximum ten percent (10%) of the enlarged issued and paid-up share capital of BKG, are set out as follows:-

6.1 Share Capital

In the event that all the Purchased BKG Shares are cancelled and on the assumption that the Proposed Renewal of Share Buy-Back Authority is exercised in full, the proforma effects of the Proposed Renewal of Share Buy-Back Authority on the issued and paid-up share capital of BKG as at 30 June 2015, are as follows:-

	Number of BKG Shares of RM0.20 each	RM
As at 30 June 2015	276,750,000	55,350,000
Cancellation of Purchased BKG Shares	27,675,000	5,535,000
After the Proposed Renewal of Share Buy-Back Authority	249,075,000	49,815,000

However, in the event that all BKG Shares bought-back are retained as treasury shares, the Proposed Renewal of Share Buy-Back Authority will not have any effect on the issued and paid-up share capital of BKG.

6.2 Net Assets ("NA")

The Proposed Renewal of Share Buy-Back Authority may increase or decrease the NA per BKG Share depending on the purchase price(s) of BKG Shares bought-back pursuant to the Proposed Renewal of Share Buy-Back Authority. The NA per BKG Share will increase if the purchase price is less than the NA per BKG Share and will decrease if the purchase price exceeds the NA per BKG Share at the time when the BKG Shares are purchased.

In the event the Purchased BKG Shares which are retained as treasury shares are resold, the NA of BKG Shares will increase or decrease depending on whether a gain or loss is realised upon the resale. The quantum of the increase or decrease in NA will depend on the actual disposal price and the number of the Purchased BKG Shares, retained as treasury shares, which are resold.

6.3 Working Capital

The Proposed Renewal of Share Buy-Back Authority will reduce the working capital of the BKG Group, the quantum of which will depend on the number of BKG Shares purchased and the purchase price(s) of the BKG Shares.

6.4 Earnings

The effect of the Proposed Renewal of Share Buy-Back Authority on the earnings of BKG will depend on, inter alia, the number of BKG Shares purchased and the purchase price(s) of the BKG Shares.

[#] Other interest held through his spouse and/or children pursuant to Section 134(12)(c) of the Companies Act, 1965

(ii) Shareholdings of Substantial Shareholders

The proforma effects of the Proposed Renewal of Share Buy-Back Authority on the shareholdings of the Substantial Shareholders of BKG based on the Register of Substantial Shareholders as at 30 June 2015 are as follows:-

Shareholders	As at 30 June 2015				After the Proposed Renewal of Share Buy-Back Authority			
	Direct	%	Indirect	%	Direct	%	Indirect	%
Dato' Goh Boon Koon	63,694,746	23.02	-	-	63,694,746	25.57	-	-
Goh Boon Leong	22,161,112	8.01	-	-	22,161,112	8.90	-	-

7. Public Shareholding Spread

The Proposed Renewal of Share Buy-Back Authority shall be in compliance with Section 67A of the Companies Act, 1965 and any prevailing laws, orders, requirements, guidelines, rules and regulations issued by the relevant authorities at the time of purchase including compliance with the twenty five percent (25%) public shareholding as required by Bursa Securities. Based on the public shareholding spread of BKG as at 30 June 2015 of 66.04%, assuming that the Proposed Renewal of Share Buy-Back Authority is implemented up to ten percent (10%) of the issued and paid-up share capital of BKG and that the number of BKG Shares held directly and indirectly by the substantial shareholders and the Directors of BKG remain unchanged, the public shareholding spread of BKG is expected to be 62.26%.

8. Implications of the Proposed Renewal of Share Buy-Back Authority in relation to the Malaysian Code On Take-Overs And Mergers, 2010 ("the Code")

The Proposed Renewal of Share Buy-Back Authority if carried out in full (whether shares are cancelled or treated as treasury shares), may result in a substantial shareholder and/or parties acting in concert with it incurring a mandatory general offer obligation under the Code, approval would be sought from the Securities Commission for the exemption under Paragraph 24 Practice Note 9 of the Code, subject to certain conditions as set out in the Practice Note being met since the increase in their shareholdings is inadvertent and is a result of action that is outside their direct participation. In this respect, the Board is mindful of the provision under the Code.

9. Purchases and resale of BKG Shares made in the last financial year

The Company has not purchase any of its shares during the financial year ended 31 March 2015.

10. Directors', Major Shareholders', persons connected with Directors' and Major Shareholders' Interests

None of the Directors, major shareholders, persons connected with Directors and major shareholders have any interest, direct or indirect, in the Proposed Renewal of Share Buy-Back Authority.

11. Directors' recommendation

The Board of Directors (the "Board"), having considered all aspects of the Proposed Renewal of Share Buy-Back Authority, are of the opinion that the Proposed Renewal of Share Buy-Back Authority is in the best interest of BKG.

Accordingly, the Board recommends that you vote in favour of the ordinary resolution on the Proposed Renewal of Share Buy-Back Authority to be tabled at the BKG Thirteenth AGM to be held on 26 August 2015.

12. Bursa Securities' disclaimer liability

Bursa Securities has not perused this Statement prior to its issuance and takes no responsibility for the contents of this Statement makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this Statement.

13. Further Information

Save as disclosed herein, the Directors do not have any knowledge of any other information concerning the Proposed Renewal of Share Buy-Back Authority as shareholders and their advisers would reasonably require and expect to find in the Share Buy-Back Statement for the purpose of making an informed assessment as to the merits of approving the Proposed Renewal of Share Buy-Back Authority and the extent of the risks involved in doing so.

DIRECTORS' BENEFITS

Since the end of the previous financial year, no director of the Company has received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by the directors shown in the financial statements) by reason of a contract made by the Company or a related corporation with a director or with a firm of which the director is a member or with a company in which the director has a substantial financial interest, other than those related party transactions disclosed in the notes to the financial statements.

During and at the end of the financial year, no arrangements subsisted to which the Company is a party, with the objects of enabling directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps:

- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate provision had been made for doubtful debts, and
- (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances:

- (i) that would render the amount written off for bad debts, or the amount of the provision for doubtful debts in the Group and in the Company inadequate to any substantial extent, and
- (ii) that would render the value attributed to the current assets in the financial statements of the Group and of the Company misleading, and

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS

OF BOON KOON GROUP BERHAD Company No. 553434-U (Incorporated In Malaysia)

Report on the Financial Statements

We have audited the financial statements of **Boon Koon Group Berhad**, which comprise the statements of financial position as at **31 March 2015** of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory notes, as set out on pages 49 to 114.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation of the financial statements so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and of the Company as at **31 March 2015** and of their financial performance and cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS

OF BOON KOON GROUP BERHAD Company No. 553434-U (Incorporated In Malaysia) (CONT'D)

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act,
- (b) We have considered the accounts and the auditors' reports of all the subsidiaries of which we have not acted as auditors, which are indicated in Note 6 to the financial statements,
- (c) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes, and
- (d) The auditors' reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

Other Reporting Responsibilities

The supplementary information set out in Note 33, on page 115 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The Company is a public limited liability company, incorporated and domiciled in Malaysia and is listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at 51-13-A Menara BHL Bank, Jalan Sultan Ahmad Shah, 10050 Penang.

The principal place of business of the Company is located at 1177 Jalan Dato Keramat, 14300 Nibong Tebal, Seberang Perai Selatan, Penang.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 22 July 2015.

Principal Activities

The principal activities of the Company consist of investment holding and the provision of management services. The principal activities of the subsidiaries are disclosed in Note 6 to the financial statements.

There have been no significant changes in the nature of these activities during the financial year.

2. BASIS OF PREPARATION

2.1 Statement of Compliance

The financial statements of the Group and of the Company have been prepared in accordance with applicable Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the requirements of the Companies Act, 1965 in Malaysia.

2.2 Basis of Measurement

The financial statements of the Group and of the Company are prepared under the historical cost convention unless otherwise indicated in the summary of accounting policies as set out in Note 3.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to by the Group and by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

2. BASIS OF PREPARATION (CONT'D)

2.2 Basis of Measurement (Cont'd)

The Group and the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to their fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to their fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to their fair value measurement is unobservable.

2.3 Functional and Presentation Currency

The financial statements are presented in Ringgit Malaysia ("RM") which is also the Group's and the Company's functional currency.

2.4 Adoption of New MFRSs, Amendments/Improvements to MFRSs, IC Interpretations ("IC Int") and Amendments to IC Int

The accounting policies adopted by the Group and Company are consistent with those of the previous financial year except for the adoption of the following Standards that are mandatory for the current financial year:

Amendments to MFRSs and IC Int effective 1 January 2014

Amendments to MFRS 10, 12 and 127 *Investment Entities*

Amendments to MFRS 132 *Financial Instruments: Presentation - Offsetting Financial Assets and Financial Liabilities*

Amendments to MFRS 136 *Recoverable Amount Disclosures for Non-Financial Assets*

Amendments to MFRS 139 *Novation of Derivatives and Continuation of Hedge Accounting*

IC Int 21 *Levies*

Initial application of the above standards did not have any material impact to the financial statements of the Group and the Company other than additional disclosure in the notes to the financial statements.

2.5 Standards Issued But Not Yet Effective

The Group and the Company have not applied the following new MFRSs, amendments to MFRSs and IC Int that have been issued by the Malaysian Accounting Standards Board ("MASB") but are not yet effective for the Group and for the Company:

Effective for financial periods beginning on or after 1 July 2014

Amendments to MFRS 119 *Defined Benefit Plans: Employee Contributions*

Amendments to MFRSs *Annual improvements to MFRSs 2010-2012 Cycle*

Amendments to MFRSs *Annual improvements to MFRSs 2011-2013 Cycle*

MFRS 14 *Regulatory Deferral Accounts*

Amendments to MFRS 10, MFRS 12 and MFRS 128 *Investment Entities: Applying the Consolidation Exception*

Amendments to MFRS 10 and MFRS 128 *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Amendments to MFRS 11 *Accounting for Acquisitions of Interests in Joint Operations*

Amendments to MFRS 101 *Disclosure Initiative*

Amendments to MFRS 116 and MFRS 138 *Clarification of Acceptable Methods of Depreciation and Amortisation*

Amendments to MFRS 116 and MFRS 141 *Agriculture: Bearer Plants*

Amendments to MFRS 127 *Equity Method in Separate Financial Statements*

Amendments to MFRSs *Annual Improvements to MFRSs 2012-2014 Cycle*

Effective for financial periods beginning on or after 1 January 2017

MFRS 15 *Revenue from Contracts with Customers*

Effective for financial periods beginning on or after 1 January 2018

MFRS 9 *Financial Instruments* (IFRS 9 issued by IASB in July 2014)

Amendments to MFRS 7 *Mandatory Date of MFRS 9 and Transition Disclosures*

The initial application of the above standards is not expected to have any material impact to the financial statements of the Group and the Company upon adoption, except as mentioned below:

MFRS 15 Revenue from Contracts with Customers

MFRS 15 replaces the guidance in MFRS 111 *Construction Contracts*, MFRS 118 *Revenue*, IC Int 13 *Customer Loyalty Programmes*, IC Int 15 *Agreements for Construction of Real Estate*, IC Int 18 *Transfers of Assets from Customers* and IC Int 131 *Revenue – Barter Transactions Involving Advertising Services*. Upon adoption of MFRS 15, it is expected that the timing of revenue recognition might be different as compared with the current practices.

The adoption of MFRS 15 will result in a change in accounting policy. The Group and the Company is currently assessing the financial impact of adopting MFRS 15.

2.6 Significant Accounting Estimates and Judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2015 (CONT'D)

2. BASIS OF PREPARATION (CONT'D)

2.6 Significant Accounting Estimates and Judgements (Cont'd)

2.6.1 Judgements made in applying accounting policies

There are no significant areas of critical judgement in applying accounting policies that have any significant effect on the amount recognised in the financial statements except as discussed below:

Deferred tax assets

The assessment of the probability of future taxable income in which deferred tax assets can be utilised is based on the Group's latest approved budget forecast, which is adjusted for significant non-taxable income and expenses and specific limits to the use of any unused tax loss or credit. If a positive forecast of taxable income indicates the probable use of a deferred tax asset, especially when it can be utilised without a time limit, that deferred tax asset is usually recognised to the extent of the future taxable income forecasted.

2.6.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(i) **Useful lives of machinery and factory equipment**

Machinery and factory equipment are depreciated on a straight line basis over their estimated useful lives. Management estimates the useful lives of these assets to be 5 to 10 years. Changes in the expected level of usage and technological developments could impact the economic useful lives and residual values of these assets. Therefore, future depreciation charges could be revised.

(ii) **Impairment of property, plant and equipment**

The Group performs an impairment review as and when there are impairment indicators to ensure that the carrying value of the property, plant and equipment does not exceed its recoverable amount. The recoverable amount represents the present value of the estimated future cash flows expected to arise from continuing operations. Therefore, in arriving at the recoverable amount, management exercises judgement in estimating the future cash flows, growth rate and discount rate.

(iii) **Inventories**

Inventories are measured at the lower of cost and net realisable value. In estimating net realisable values, management takes into account the most reliable evidence available at the time the estimate is made. The Group's business is subject to economical and regulatory changes which may cause selling prices to change and as a result may impact on the Group's earnings.

(iv) **Impairment of loans and receivables**

The Group assesses at the end of each reporting period whether there is any objective evidence that a financial asset is impaired. To determine whether there is objective evidence of impairment, the Group considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

NOTES TO THE FINANCIAL STATEMENTS

2. BASIS OF PREPARATION (CONT'D)

2.6 Significant Accounting Estimates and Judgements (Cont'd)

2.6.2 Key sources of estimation uncertainty (Cont'd)

(iv) Impairment of loans and receivables (Cont'd)

Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience of assets with similar credit risk characteristics.

(v) Deferred tax assets

Deferred tax assets are recognised for unused tax losses and other deductible temporary differences to the extent that it is probable that taxable profit will be available against which the tax losses and other deductible temporary differences can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with tax planning strategies.

Assumptions about generation of future taxable income depend on management's estimates of future cash flows. These depend on estimates of future production and sales volume, operating costs, capital expenditure, dividends and other capital management transactions. Judgement is also required about application of income tax legislation. These judgements and assumptions are subject to risks and uncertainties, hence there is a possibility that changes in circumstances will alter expectations, which may impact the amount of deferred tax assets recognised in the financial statements and the amount of unrecognised tax losses and unrecognised temporary differences.

3. SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies adopted by the Group and by the Company are consistent with those adopted in the previous financial years unless otherwise indicated below.

3.1 Basis of consolidation

(i) Subsidiaries

Subsidiaries are entities, including structured entities, controlled by the Company. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The Group controls an entity when it is exposed, or has rights, to variable returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group considers it has *de facto* power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Investment in subsidiaries is measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investments includes transaction costs.

Upon disposal of investment in subsidiaries, the difference between the net disposal proceeds and their carrying amount is recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2015 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.1 Basis of consolidation (Cont'd)

(ii) Business combination

Business combinations are accounted for using the acquisition method from the acquisition date, which is the date on which control is transferred to the Group.

For new acquisitions, the Group measures the cost of goodwill at the acquisition date as:

- the fair value of the consideration transferred, plus
- the recognised amount of any non-controlling interest in the acquiree; plus
- if the business combination is achieved in stages, the fair value of the existing equity interest in the acquiree; less
- the net recognised amount at fair value of the identifiable assets acquired and liabilities assumed.

When the excess is negative, a bargain purchase gain is recognised immediately in profit or loss.

Goodwill is not amortised but instead, it is reviewed for impairment, annually or more frequently if events or changes in circumstances indicate that the carrying amount may be impaired. Gain or losses on the disposal of an entity include the carrying amount of goodwill related to the entity sold.

For each business combination, the Group elects whether to recognise non-controlling interests in the acquiree either at fair value, or at the proportionate share of the acquiree's identifiable net assets at the acquisition date.

Transaction costs, other than those associated with the issue of debt or equity securities, that the Group incurs in connection with a business combination are expensed as incurred.

(iii) Acquisitions of non-controlling interests

The Group treats all changes in its ownership interest in a subsidiary that do not result in a loss of control as equity transactions between the Group and its non-controlling interest holders. Any difference between the Group's share of net assets before and after the change, and any consideration received or paid, is adjusted to or against the Group's reserve.

(iv) Loss of control

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the former subsidiary from the consolidated statement of financial position. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity accounted investee or as an available-for sale financial asset depending on the level of influence retained.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2015 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.1 Basis of consolidation (Cont'd)

(v) Non-controlling interests

Non-controlling interests at the end of the reporting period, being the equity in a subsidiary not attributable directly or indirectly to the equity holders of the Company, are presented in the consolidated statement of financial position and statement of changes in equity within equity, separately from equity attributable to the owners of the Company. Non-controlling interests in the results of the Group is presented in the consolidated statement of comprehensive income as an allocation of the profit or loss and the comprehensive income for the year between non-controlling interests and owners of the Company.

Losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance.

(vi) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra group transactions, are eliminated in preparing the consolidated financial statements.

3.2 Investments in Associates

Associates are entities, including unincorporated entities, in which the Group has significant influence, but not control, over the financial and operating policies.

Investments in associates are accounted for in the consolidated financial statements using the equity method less any impairment losses, unless it is classified as held for sale or distribution. The cost of the investment includes transaction costs. The consolidated financial statements include the Group's share of the profit or loss and other comprehensive income of the associates, after adjustments if any, to align the accounting policies with those of the Group, from the date that significant influence commences until the date that significant influence ceases.

When the Group's share of losses exceeds its interest in an associate, the carrying amount of that interest including any long-term investments is reduced to zero, and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the associate.

When the Group ceases to have significant influence over an associate, any retained interest in the former associate at the date when significant influence is lost is measured at fair value and this amount is regarded as the initial carrying amount of a financial asset. The difference between the fair value of any retained interest plus proceeds from the interest disposed of and the carrying amount of the investment at the date when equity method is discontinued is recognised in the profit or loss.

When the Group's interest in an associate decreases but does not result in a loss of significant influence, any retained interest is not re-measured. Any gain or loss arising from the decrease in interest is recognised in profit or loss. Any gains or losses previously recognised in other comprehensive income are also reclassified proportionately to the profit or loss if that gain or loss would be required to be reclassified to profit or loss on the disposal of the related assets or liabilities.

Investments in associates are measured in the Company's statement of financial position at cost less any impairment losses, unless the investment is classified as held for sale or distribution. The cost of investment includes transaction costs.

Unrealised gains arising from transactions with equity-accounted associates are eliminated against the investment to the extent of the Group's interest in the investees. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.3 Property, Plant and Equipment

Property, plant and equipment are initially stated at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Subsequent to initial recognition, property, plant and equipment except land and buildings are stated at cost less accumulated depreciation and accumulated impairment losses.

Land and buildings are stated at revalued amount, which is the fair value at the date of revaluation less accumulated depreciation and accumulated impairment losses. Fair value are determined by market-based appraisal and depreciated replacement cost approach that are undertaken by external independent professionally qualified valuers. Subsequent additions are shown at cost while disposals are at valuation or cost as appropriate. Revaluations are performed with sufficient regularity to ensure that the fair value of the revalued asset does not differ materially from that which would be determined using fair values at the end of each reporting period.

Surpluses arising on revaluation are credited to revaluation reserve. Surpluses are only recognised in profit or loss to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss. Any deficit arising from revaluation is charged against the revaluation reserve to the extent of a previous surplus held in the revaluation reserve for the same asset. In all other cases, a decrease in carrying amount is included in profit or loss.

Property, plant and equipment are depreciated on the straight line method to write off the cost of each asset to its residual value over its estimated useful life at the following annual rates:

Leasehold land	Amortised over lease period of 91 years
Buildings	2%
Machinery and factory equipment	10% - 20%
Office equipment, furniture and fittings	8% - 33.33%
Motor vehicles	16% - 20%

Freehold land is not amortised as it has an infinite life.

The residual value, useful life and depreciation method are reviewed at the end of each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

Upon the disposal of an item of property, plant and equipment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the profit or loss and the attributable portion of the revaluation surplus is taken directly to retained profits.

3.4 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or asset or the arrangement conveys a right to use the asset, even if that right is not explicitly specific in an arrangement.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2015 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.4 Leases (Cont'd)

Finance lease

A finance lease which includes hire purchase arrangement, is a lease that transfers substantially all the risks and rewards incidental to ownership of an asset to the lessee. Title may or may not eventually be transferred.

Minimum lease payments made under finance leases are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the profit or loss. Contingent lease payments are accounted for by revising the minimum lease payments over the remaining term of the lease when the lease adjustment is confirmed.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Leasehold land which in substance is a finance lease is classified as property, plant and equipment.

Operating leases

Leases where the Group does not assume substantially all the risks and rewards of ownership are classified as operating leases and, except for property interest held under operating lease, the leased assets are not recognised on the statement of financial position. Property interest held under an operating lease, which is held to earn rental income or for capital appreciation or both, is classified as investment property.

Payments made under operating leases are recognised in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognised in profit or loss as an integral part of the total lease expense, over the term of the lease. Contingent rentals are charged to profit or loss in the reporting period in which they are incurred.

Leasehold land which in substance is an operating lease is classified as prepaid land lease payments.

3.5 Investment Properties

Investment properties are properties which are held to earn rental income or for capital appreciation or both. Such properties are measured initially at cost. Initial cost comprises purchase price and any directly attributable expenditure for a purchased investment property. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment losses.

Buildings are depreciated on the straight line method to write off the cost to their residual value over their estimated useful lives at 2% per annum.

Freehold land is not depreciated as it has an infinite life.

The residual value, useful life and depreciation method are reviewed at each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of investment properties.

Upon the disposal of an item of investment properties, the difference between the net disposal proceeds and the carrying amount is charged or credited to the profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2015 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.6 Impairment of Non-Financial Assets

The Group and the Company assess at the end of each reporting period whether there is an indication that an asset may be impaired.

For the purpose of impairment testing, recoverable amount (i.e. the higher of the fair value less cost to sell and value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash-generating units ("CGU") to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in the profit or loss except for assets that were previously revalued where the revaluation surplus was taken to other comprehensive income. In this case the impairment loss is also recognised in other comprehensive income up to the amount of any previous revaluation surplus.

An impairment loss for an asset is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

3.7 Financial Instruments

3.7.1 Initial recognition and measurement

A financial asset or a financial liability is recognised in the statements of financial position when, and only when, the Group or the Company becomes a party to the contractual provisions of the instrument.

A financial instrument is recognised initially, at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transactions costs that are directly attributable to the acquisition or issuance of the financial instrument.

3.7.2 Financial instrument categories and subsequent measurement

The Group and the Company categorise financial instruments as follows:

Financial assets

Loans and receivables

Loans and receivables category comprises debt instruments that are not quoted in an active market.

Financial assets categorised as loans and receivables are subsequently measured at amortised cost using the effective interest method.

Loans and receivables are classified as current assets, except for those having maturity dates later than 12 months after the end of the reporting period which are classified as non-current.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.7 Financial Instruments (Cont'd)

3.7.2 Financial instrument categories and subsequent measurement (Cont'd)

Financial liabilities

All financial liabilities are subsequently measured at amortised cost.

Financial liabilities are classified as current liabilities, except for those having maturity dates later than 12 months after the end of the reporting period which are classified as non-current.

3.7.3 Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due.

Financial guarantee contracts are recognised initially as a liability at fair value, net of transaction costs. Subsequent to initial recognition, financial guarantee contracts are recognised as income in statement of comprehensive income over the period of the guarantee. If the debtor fails to make payment relating to financial guarantee contract when it is due and the Group, as the issuer, is required to reimburse the holder for the associated loss, the liability is measured at the higher of the best estimate of the expenditure required to settle the present obligation at the reporting date and the amount initially recognised less cumulative amortisation.

3.7.4 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is currently a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

3.7.5 Derecognition

A financial asset or part of it is derecognised, when and only when the contractual rights to the cash flows from the financial asset expire or the financial asset is transferred to another party without retaining control or substantially all risks and rewards of the asset. On derecognition of a financial asset, the difference between the carrying amount and the sum of the consideration received (including any new asset obtained less any new liability assumed) and any cumulative gain or loss that had been recognised in equity is recognised in the profit or loss.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expired. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

3.8 Impairment of Financial Assets

All financial assets (except for financial assets categorised as fair value through profit or loss and investment in subsidiaries) are assessed at the end of each reporting period whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. Losses expected as a result of future events, no matter how likely, are not recognised. For an investment in an equity instrument, a significant or prolonged decline in the fair value below its cost is an objective evidence of impairment. If any such objective evidence exists, then the impairment loss of the financial asset is estimated.

NOTES TO THE FINANCIAL STATEMENTS

31 MARCH 2015 (CONT'D)

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.8 Impairment of Financial Assets (Cont'd)

An impairment loss in respect of loans and receivables and held-to-maturity investments is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account.

An impairment loss in respect of unquoted equity instrument that is carried at cost is recognised in profit or loss and is measured as the difference between the financial asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset.

If, in a subsequent period, the fair value of a debt instrument increases and the increase can be objectively related to an event occurring after the impairment loss was recognised in profit or loss, the impairment loss is reversed, to the extent that the asset's carrying amount does not exceed what the carrying amount would have been had the impairment not been recognised at the date the impairment is reversed. The amount of the reversal is recognised in profit or loss.

3.9 Inventories

Inventories comprising raw materials, work-in-progress and finished goods are stated at the lower of cost and net realisable value after adequate specific allowance has been made for deteriorated, obsolete and slow-moving inventories.

Cost of work-in-progress and finished goods include materials, direct labour and attributable production overheads.

Cost of all inventories are determined on the first-in, first-out basis.

Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution.

3.10 Cash and Cash Equivalents

Cash comprises cash in hand, cash at bank and demand deposits. Cash equivalents are short term and highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value, against which bank overdraft balances, if any, are deducted.

3.11 Provisions

Provisions are recognised when the Group has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.12 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale.

Other borrowing costs are recognised as expenses in the period in which they are incurred.

3.13 Income Recognition

(i) Sale of goods

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer.

(ii) Rental and fleet management service income

Rental and fleet management service income are recognised on a straight-line basis over the lease term.

(iii) Others

Management fee and other interest income using the effective interest rate are recognised on the accrual basis.

3.14 Employee Benefits

Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the financial year in which the associated services are rendered by employees of the Group. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

Defined contribution plans

As required by law, companies in Malaysia make contributions to the national pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense as incurred.

3.15 Income Tax

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous years.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.15 Income Tax (Cont'd)

Deferred tax is recognised using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities in the statement of financial position and their tax bases. Deferred tax is not recognised for the following temporary differences: the initial recognition of goodwill, the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at the end of each reporting period and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Unutilised reinvestment allowance and investment tax allowance, being tax incentives that is not a tax base of an asset, is recognised as a deferred tax asset to the extent that it is probable that the future taxable profits will be available against which the unutilised tax incentive can be utilised.

3.16 Foreign Currency Translation

Transactions in foreign currencies are translated to the functional currency of the Group at exchange rates at the dates of the transactions.

Monetary assets and liabilities denominated in foreign currencies at the end of the reporting period are translated to the functional currency at the exchange rate at that date.

Non-monetary assets and liabilities measured at historical cost in a foreign currency at the end of the reporting period are translated to the functional currency at the exchange rate at the date of the transaction except for those measured at fair value shall be translated at the exchange rate at the date when the fair value was determined.

Exchange differences arising from the settlement of foreign currency transactions and from the translation of foreign currency monetary assets and liabilities are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains or losses are recognised directly in other comprehensive income.

3.17 Segment Reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker, which in this case are the Executive Directors of the Group, to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

3.18 Contingencies

Where it is not probable that an inflow or an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the asset or the obligation is not recognised in the statements of financial position and is disclosed as a contingent asset or contingent liability, unless the probability of inflow or outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent assets or contingent liabilities unless the probability of inflow or outflow of economic benefits is remote.

3.19 Equity Instruments

3.19.1 Warrants

Warrants are classified as equity instruments. The issuance of the ordinary shares upon exercise of warrants is treated as new subscription of ordinary shares for the consideration equivalent to the exercise price of the warrants.

Upon exercise of warrants, the proceeds are credited to share capital and share premium and the related warrant reserve is reversed. The warrant reserve in relation to the unexercised warrants at the expiry of the warrants will be reversed to retained profits.

3.19.2 Share Capital

An equity instrument is any contract that evidences a residual interest in the assets of the Group and the Company after deducting all of its liabilities. Ordinary shares are equity instruments.

Share capital represents the nominal value of shares that have been issued. Dividends on ordinary shares are accounted for in shareholder's equity as an appropriation of unappropriated profits and recognised as a liability in the period in which they are declared.

Policy on transfer between levels

The fair value of an asset to be transferred between levels is determined as at the date of the event or change in circumstances that caused the transfer.

Transfer between Level 1 and 2 fair values

There is no transfer between Level 1 and 2 fair values during the financial year.

Level 2 fair value

Level 2 fair values of land and buildings have been derived using the sales comparison approach. Selling prices of comparable properties in close proximity are adjusted for differences in key attributes such as property size, age and condition of the building. The most significant input into this valuation approach is price per square foot of comparable properties.

If the land and buildings were measured using the cost model, the carrying amount as at 31 March 2015 would be as follows:

	Freehold land RM	Leasehold land RM	Buildings RM
Cost	10,609,431	851,519	16,715,020

		21,949,269	8,360,102	8,366,860	8,366,860

15.1 Warrant reserve

The warrant reserve is in respect of the allocated fair value of the 138,375,000 warrants issued pursuant to the Company's rights issue exercise.

The fair value allocated to the warrant reserve is derived by adjusting the proceeds from the Company's rights issue to the fair value of the shares and warrants on a proportionate basis. A charge to the accumulated losses is created by the same amount to preserve the par value of the ordinary shares issued pursuant to the rights issue. This charge will be reversed upon exercise or expiry of the warrants.

The warrants may be exercised at any time during the tenure of the warrants of ten (10) years including and commencing from the issue date of the warrants and ending on the expiry date, 7 July 2023. Each warrant carries the entitlement to subscribe for one (1) new ordinary share of RM0.20 each in the Company at the exercise price of RM0.20 which shall be satisfied fully in cash and shall be subject to adjustments in accordance with the Deed Poll.

Subject to the provision in the Deed Poll, the exercise price and the number of warrants held by each warrant holder shall be adjusted by the Board of Directors of the Company in consultation with the adviser and certification of the external auditors in the event of alteration to the share capital of the Company.

15.2 Foreign exchange translation reserve

This is in respect of foreign exchange differences arising from the translation of the financial statements of the Group's foreign subsidiaries.

15.3 Capital reserve

Capital reserve represents the discount on acquisition of additional equity interest in an existing subsidiary from non-controlling interest.

15.4 Revaluation reserve

This is in respect of revaluation surplus net of deferred tax arising from the revaluation of the Group's freehold land, leasehold land and buildings and is non-distributable.

25. LOSS PER SHARE

25.1 Basic

The basic loss per share of the Group is calculated by dividing the loss for the reporting period attributable to shareholders of the Company by the weighted average number of shares in issue during the reporting period as follows:

	GROUP	
	2015 RM	2014 RM
Loss attributable to owners of the parent (RM)	<u>(107,756)</u>	<u>(1,032,363)</u>
Weighted average number of shares	<u>276,750,000</u>	<u>238,459,932^(#)</u>
Basic loss per share (sen)	<u>(0.03)</u>	<u>(0.43)</u>

^(#) The weighted average number of shares takes into account the weighted average effect of additional shares issued pursuant to the rights issue exercise during the financial year.

25.2 Diluted

	GROUP	
	2015	2014
Diluted loss per share (sen)	<u>(0.03)</u>	<u>(0.43)</u>

There is no diluted earnings per share as the warrants are anti-dilutive since its exercise price exceeds the average market price of the ordinary shares.

26. CONTINGENT LIABILITIES (UNSECURED)

	COMPANY	
	2015 RM	2014 RM
Corporate guarantee		
Corporate guarantee extended to banks and financial institutions for credit facilities granted to subsidiaries		
- Limit	<u>50,017,949</u>	<u>51,773,878</u>
- Amount utilised	<u>44,077,289</u>	<u>50,502,128</u>

The corporate guarantees do not have a determinable effect on the terms of the credit facilities due to the banks and financial institutions requiring parent guarantee as a pre-condition for approving the credit facilities granted to the subsidiaries and the credit facilities are fully collateralised by fixed and floating charges over property, plant and equipment of the subsidiaries. The actual terms of the credit facilities are likely to be the best indicator of "at market" terms and hence the fair value of the credit facilities approximate the credit facilities amount received by the subsidiaries. As such, no value on the corporate guarantee was recognised in the financial statements since the fair value on initial recognition is not material.

29.2 Financial risk management

The Group and the Company are exposed to a variety of financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk and foreign currency exchange risk. The Group operates within clearly defined guidelines that are approved by the Board and the Group's policy is not to engage in speculative activities.

29.2.1 Credit risk

Credit risk refers to the risk that the counterparty will default on its contractual obligations resulting in financial loss to the Group and the Company. The Group's exposure to credit risk arises principally from its trade receivables. The Company's exposure to credit risk arises principally from advances to subsidiaries and financial guarantees given.

i. Trade receivables

The Group extends credit terms to customers that range between 30 to 210 days. In deciding whether credit shall be extended, the Group will take into consideration factors such as the relationship with the customer, its payment history and credit worthiness. The Group subjects new customers to credit verification procedures. In addition, debt monitoring procedures are performed on an on-going basis with the result that the Group's exposure to bad debts is not significant.

The maximum exposure to credit risk arising from trade receivables is represented by the carrying amount in the Group's statement of financial position.

The ageing of trade receivables and accumulated impairment loss of the Group is as follows:

31 MARCH 2015 (CONT'D)

29. FINANCIAL INSTRUMENTS (CONT'D)

29.2 Financial risk management (Cont'd)

29.2.1 Credit risk (Cont'd)

i. Trade receivables (Cont'd)

None of the Group's trade receivables that are neither past due nor impaired has been renegotiated during the financial year.

Total impairment loss relates to customers that have financial difficulties and have defaulted in repayment even after legal actions have been taken.

The Group has trade receivables of **RM8,590,329** (2014: RM14,359,733) that are past due but not impaired as the management is of the view that these debts will be recovered in due course.

The Group has significant concentration of credit risk in the form of outstanding balance due from **3** (2014: 3) customers representing **45%** (2014: 58%) of total trade receivables.

ii. Intercompany balances

The Company provides advances to its subsidiaries and monitors the results of the subsidiaries regularly.

The maximum exposure to credit risk is represented by their carrying amount in the Company's statement of financial position.

As at the end of the reporting period, there was no indication that the advances to its subsidiaries are not recoverable. The Company does not specifically monitor the ageing of the advances to its subsidiaries.

iii. Financial guarantees

The Company provides unsecured corporate guarantees to banks and financial institutions in respect of credit facilities granted to certain subsidiaries.

The maximum exposure to credit risk is disclosed in Note 26, representing the outstanding credit facilities of the said subsidiaries as at the end of the reporting period.

The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries. As at the end of the reporting period, there was no indication that any of the subsidiaries would default on repayment.

29.3 Liquidity risk

Liquidity risk is the risk that the Group and the Company will not be able to meet their financial obligations as and when they fall due. The Group and the Company actively manage their debt maturity profiles, operating cash flows and availability of funding so as to ensure that all repayments and funding needs are met. As part of their overall prudent liquidity managements, the Group and the Company maintain sufficient levels of cash and cash equivalents to meet their working capital requirements.

29. FINANCIAL INSTRUMENTS (CONT'D)

29.4 Interest rate risk

The Group's and the Company's fixed rate receivables, deposits and borrowings are exposed to a risk of change in their fair value due to changes in interest rates. The Group's and the Company's floating rate deposits and borrowings are exposed to a risk of change in cash flows due to changes in interest rates.

The interest rate profile of the Group's and Company's interest-bearing financial instruments based on the carrying amounts as at the end of the reporting period is as follows:

	GROUP		COMPANY	
	2015 RM	2014 RM	2015 RM	2014 RM
Fixed rate instruments				
Financial assets	-	-	94,652	1,774,534
Financial liabilities	<u>3,108,612</u>	<u>5,047,774</u>	<u>-</u>	<u>-</u>
Floating rate instruments				
Financial assets	207,768	432,607	122,096	118,418
Financial liabilities	<u>41,068,341</u>	<u>45,763,000</u>	<u>-</u>	<u>-</u>

Sensitivity analysis for fixed rate instruments

The Group and the Company do not account for any fixed rate financial assets and financial liabilities at fair value through profit or loss, and the Group and the Company do not designate derivatives as hedging instruments under a fair value hedge accounting model. Therefore, a change in interest rates at the end of the reporting period would not affect profit or loss.

Sensitivity analysis for variable rate instruments

An increase of 25 basis point would have decreased results before taxation by the amount shown below and a corresponding decrease would have an equal but opposite effect. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

29.5 Foreign currency risk

The Group and the Company are exposed to foreign currency risk on purchases and advances to foreign subsidiaries that are denominated in currencies other than the functional currency of the Group and of the Company. The Group and the Company also hold cash and bank balances denominated in foreign currencies for working capital purposes. The currencies giving rise to this risk are primarily US Dollar ("USD"), Euro ("EUR"), Singapore Dollar ("SGD") and Japanese Yen ("JPY").

The Group's and the Company's exposure to foreign currency risk, based on carrying amounts as at the end of the reporting period are as follows:

	USD RM	EUR RM	SGD RM	JPY RM

29.5 Foreign currency risk (Cont'd)

Sensitivity analysis for foreign currency risk

Below demonstrates the sensitivity to a reasonably possible change in the foreign currencies exchange rates against Ringgit Malaysia, with all other variables held constant, of the Group's and of the Company's (loss)/profit before taxation. A 10% strengthening of the RM against the following currencies at the end of the reporting period would have increased or decreased the results before taxation by the amount shown below and a corresponding weakening of the RM would have an equal but opposite effect.

	GROUP		COMPANY	
	2015 RM	2014 RM	2015 RM	2014 RM

29.6 Fair value information

GROUP AND COMPANY

The carrying amounts of financial assets and financial liabilities of the Group and of the Company as at the end of the reporting period approximate their fair values, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

The carrying amounts of the non-current portion of finance lease liabilities are reasonable approximation of fair values due to the insignificant impact of discounting.

30. CAPITAL MANAGEMENT

The primary objective of the Group's capital management policy is to maintain a strong capital base to support its businesses and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in the light of changes in economic conditions or expansion of the Group. The Group may adjust the capital structure by issuing new shares, returning capital to shareholders or selling assets to reduce debts. No changes were made in the objective, policy and process during the financial year under review as compared to the previous financial year.
